## Explanation

### **The journey to the Chateau:**

The distance from the middle of the Netherlands is approx. 800 kms. For you probably far more, so we have planned a stop at the Paris region, for the ones who want to make the trip in 2 days. We will gather on the 3rd of September at the end of the afternoon at a hotel. As soon as we know the number of teams who will use this opportunity we will inform you accordingly.

The next day we drive to the town of Chartres, where we can visit the Cathedral. Perhaps one of the most beautiful in France. We also could take lunch over there. Around the Cathedral are various pubs and restaurants. Parking facilities are amongst others the parking P Cathédrale. Also for the ones who will drive directly it is a nice place to stop.

### **The Chateau:**

Chateau de la Roche Hue will be the location where we will stay. It consists of a number of private apartments in the actual castle and in a side building called the Orangerie. These apartments have various sizes. Some of them do have more beds and bathrooms.

In order to accommodate as many teams as possible we have chosen this time to allocate the apartments. Additional advantage is, that everybody pays the same price. An exception is made for some recently renovated guestrooms. These rooms are cheaper. If you are allocated in one of these rooms, a price refund is applicable.

Please indicate on the registration form if you have yes or no objections against sharing an apartment. Or you may be interested to share with a friendly team.
